Safety Data Sheet

Lash & Brow Growth Serum

Revision date: November 2026

⚠ **For professional use only. This product must be handled by trained beauty professionals in accordance with all local licensing and safety regulations.**

Section 1 — Identification

Product name	Lash & Brow Growth Serum
Recommended use	Lash and brow conditioning serum. For professional use only. Not intended for use on persons under the age of 16.
Supplier	Light Heart LLC
Email	help@lightheartlash.com

Section 2 — Hazard identification

Signal word: Warning

GHS hazard statements: None listed.

Specific end-use warnings:

- Read label before use and follow instructions
- Keep out of reach of children
- Wear protective gloves
- This product can cause severe allergic reactions
- Not intended for use on persons under the age of 16

Section 3 — Composition / information on ingredients

Mixture.

Ingredient	CAS No.	Content (% w/w)
Water/Aqua/Eau	7732-18-5	80–100
1,3-Propanediol	504-63-2	5
1,2-Pentanediol	5343-92-0	5
Tetradecanol, 2-decyl-, ethoxylated, propoxylated (20 mol EO, 6 mol PO)	—	5
Glycerine	56-81-5	3
Castor oil, hydrogenated, ethoxylated	61788-85-0	3
Ester of decaglycerol and oleic acid	79665-93-3	3
Xanthan gum	11138-66-2	1
2-Phenoxyethanol	122-99-6	1
Morus alba bark extract	94167-05-2	1
1,3-Butanediol	107-88-0	1
Methyl 4-hydroxybenzoate	99-76-3	1
Allantoin	97-59-6	1
Dipotassium glycyrrhizate	68797-35-3	1
Polyquaternium-51	125275-25-4	1
Sodium citrate tribasic dihydrate	6132-04-3	1
Tetrasodium EDTA	64-02-8	1
Citric acid	77-92-9	1
Panthenol	81-13-0	1
Sodium ascorbyl phosphate	66170-10-3	1
Biotinoyl tripeptide-1	—	1
Dextran	9004-54-0	1
Prunus yedoensis leaf extract	—	1
Acetyl tetrapeptide-3	—	1
Trifolium pratense extract	85085-25-2	1
Sodium hyaluronate	9067-32-7	1
Eriobotrya japonica fruit/leaf extract	91770-19-3	1
Paeonia suffruticosa bark extract	223747-88-4	1
Panax ginseng berry extract	84650-12-4	1

Section 4 — First-aid measures

If inhaled: Remove person to fresh air and provide oxygen if breathing is difficult. Give artificial respiration if not breathing. Get medical attention immediately.

Skin contact: Remove contaminated clothing/shoes and wipe off excess from skin. Wash exposed area with soap and water.

Eye contact: Immediately flush eyes with running water for at least 15 minutes. If redness, itching, or a burning sensation develops, see a physician.

If swallowed: Get medical attention immediately.

Section 5 — Fire-fighting measures

Suitable extinguishing media: This product is not combustible. Use suitable extinguishing media for the surrounding fire.

Specific hazards: Combustion of components may produce carbon oxides, nitrogen oxides (NOx), and sodium oxides.

Protective actions for firefighters: Avoid breathing gases or vapors released from the fire. Use a self-contained breathing apparatus for large fires.

Section 6 — Accidental release measures

Containment and cleanup: Absorb small quantities on inert absorbent (e.g., sand) and scoop into a suitable container.

Section 7 — Handling and storage

Precautions for safe handling:

- Respiratory: Ensure adequate ventilation if spraying
- Eye protection: Wear safety glasses
- Skin protection: Wear neoprene gloves

Conditions for safe storage: Keep away from direct sunlight, high temperature, humidity, and freezing.

Section 8 — Exposure controls / personal protection

Control parameters: Glycerine (CAS 56-81-5): OSHA PEL (inhalation, mist) 15 mg/m³ total dust, 5 mg/m³ respirable fraction (OSHA Table Z-1). Cal/OSHA PEL 10 mg/m³ total, 5 mg/m³ respirable.

Personal protective equipment: Safety glasses, neoprene gloves, and adequate ventilation if spraying (see Section 7).

Section 9 — Physical and chemical properties

Property	Value
Physical state	Liquid
Appearance	Gel
Color	Brown transparent
Odor	Slight characteristic odor
pH	5.0–6.0
Flash point	Above 92°C (198°F)
Solubility	Insoluble in water
Odor threshold, melting/freezing point, boiling point, flammability, explosion limits, auto-ignition and decomposition temperature, viscosity, partition coefficient, vapor pressure, evaporation rate, density, vapor density	No data available
Explosive and oxidizing properties	No data available

Section 10 — Stability and reactivity

Incompatible materials: Strong oxidizing agents, strong bases, acid chlorides, acid anhydrides, chloroformates, reducing agents, nitrates.

Hazardous decomposition products: No data available. In the event of fire, see Section 5.

Section 11 — Toxicological information

No data available.

Section 12 — Ecological information

No data available.

Section 13 — Disposal considerations

Dispose of contents and container in accordance with all local, regional, national, and international regulations.

Section 14 — Transport information

DOT (US): Not dangerous goods.

IMDG: Not dangerous goods.

IATA: Not dangerous goods.

Section 15 — Regulatory information

Not applicable.

Section 16 — Other information

Revision date: November 2026. Prepared by Light Heart LLC.
